

EVENTS ON THE COAST

A Shocking Accident Near Seattle.

BAKERSFIELD'S FAIR OPENED

A Paymaster in the Navy Dismissed From Service—Items of Interest.

SEATTLE, October 24.—A shocking accident occurred at North Bend yesterday morning. Five broke out in the tent of a man ramping a short distance from the station, and a number of villagers were attracted to the spot, among them Mrs. Charles Austin, wife of the Canadian Pacific yardmaster.

A box of dynamite detonated, the presence of which was unknown to the spectators, suddenly exploded, scattering metal shells with terrific force in every direction. Half a dozen persons were struck, but the worst sufferer was Mrs. Austin, who received no less than eleven of the shells in her head, arms and body. When picked up she was unconscious, and her present condition is critical.

Mrs. Kelly was struck by three of the dynamite, and, though badly injured, will recover.

Dismissed From Service.

VALDEZ, October 24.—Paymaster John Clyde Sullivan of the United States navy, who was recently brought before the naval general court martial, being charged with falsifying his accounts, has been detached from the United States receiving ship at the navy yard at Mare Island and ordered to repair to his home under arrest, where he will be served with orders of the President dismissing him from the naval service of the United States. Secretary Hurler having approved of the sentence of the court which tried the case.

A Big Blaze.

SAN FRANCISCO, October 24.—A fire which broke out this evening in D. A. McDonald's planing mill and lumber yard on Spear street, between Howard and Folger, consumed the entire plant, and, burning through the block to Stuart street, destroyed Robinson's wheel manufactory, James Kemp's oilies and store fixtures, the Swift planing mill, the Crocker & Sons' local building establishment and several smaller buildings. The total loss is estimated at \$100,000, with very little insurance.

Wanted—A Receiver.

NEW YORK, October 24.—Suit was brought in the New York supreme court today against the United Press for the appointment of a receiver and an accounting. The complaint is to the effect that the United Press, which claims to be entitled to a share of the profits of the United Press.

Back to Old Rates.

SAN FRANCISCO, October 24.—Passenger rates east will take an upward turn next Wednesday, all of the schedules applying to the World's fair business excepting at that time. The rate from San Francisco to Chicago will be, first class \$87, second class \$52.50.

A Vicious Animal.

SEATTLE, October 24.—Alfred Savage, employed on H. O. Jell's stock farm, was fatally gored by a Holstein bull this morning. In the last four years the bull has gored four men to death.

Open Again.

PORTLAND, October 24.—The Puget Sound national bank of Everett, Wash., which closed its doors during the recent financial panic, reopened for business yesterday.

Bakersfield's Fair.

BAKERSFIELD, October 24.—The county fair opened today. The races were good, the track being in splendid condition.

PACIFIC COAST ITEMS.

A company has been organized at Ellensburg, Wash., to manufacture aluminum.

The Turn Verein laid the cornerstone to their new building at Los Angeles on Monday.

John R. Atwood, a traveling bookkeeper at Portland has been sent to the penitentiary for five years.

Thomas J. Newby, at one time editor of the Signal, the pioneer paper of Ventura, died at Santa Monica Saturday.

A force of men has arrived at San Luis Obispo to work on the railroad. That section of the state is being rapidly developed.

Three masked men robbed the ferryman at Conant's ferry. They ordered him to cross the river, when they disappeared in the direction of Redding.

The Stockton high school football team and the Stanford team had a game Saturday. The play of the Stocktons was the best, though the Stocktons say they were too tough.

The fugitives of Anderson, Shasta county, met Saturday. There was much dissension shown with San Francisco, who had been told many things by the government courts shall not be charged for the improvements they have made on the lands, but shall only pay what the lands were worth at the time they were settled.

Committed to Trial.

SAN FRANCISCO, October 25.—John Tyrell, one of the union sailors whose police arrested after the recent dynamite explosion by which Curtin's non-union sailor boarding house was wrecked and four men killed, was today committed by the police magistrate to be

tried for murder. The sailors' union is defending the culprit.

Boiler Explosion.

CHILLICOTTE, O., October 24.—While passing Rayville yesterday at full speed the boiler of the engine of the express, westbound on the Cincinnati, Hamilton & Dayton railroad exploded. The engine was literally blown to pieces, laid strange to relate, the engineer and fireman escaped with a few cuts and bruises. All the glass in the coach windows was shattered. The baggage car left the track and went down a thirty foot embankment. The baggage-master, however, escaped injury, with the exception of a severe shaking up. The passengers were uninjured.

Improving Their Service.

NEW YORK, October 25.—The New York morning and New York evening World have signed an agreement to join the Associated Press, and the service begins tonight. The retirement of these papers from the United Press has caused great alarm in the ranks of the opposition, following as it does so closely upon a like action on the part of the New York States Zeitung and the New York Evening Post, and there is every reason for expecting further important acquisitions to the Associated Press in the immediate future.

The Usual Courtesies.

PAIS, October 24.—President Carnot today gave a luncheon in honor of the Russian visitors at the Palace de Elysee. The Russian guests arrived shortly before noon and were heartily received by President Carnot. Among the guests, aside from the Russian naval officers, were several members of the French navy, General Sausier and Baron Mohrenheim, the Russian ambassador to France, and other distinguished persons. The toast of the "Czar" in a brilliant speech.

A Ghastly Wrangle.

BATTLE CREEK, Mich., October 24.—Dr. Sweetland of Edwardsburg, Michigan, has identified one of the bodies from the Grand Trunk wreck as that of his sister, Mrs. Evelyn Adair, and the body was shipped to that place last night. Now J. R. Wood of Cass, N. Y., telegraphs that the body is that of his wife. Both identified the body by the clothing and both are equally positive. The remains will be brought back here. It is thought legal proceedings to get possession of it may be necessary.

Bakersfield Races.

BAKERSFIELD, October 25.—First race, half mile and repeat—Cyclone 1, Young Third 2, Billy O. 3. Time, 55 1/2. Pacing, 240 class—Old 1, Roy O. 2, J. O. By 3, Baby O. 4. Time, 2:37. Three-quarter class—Montana 1, Vendome 2, Lady Queen 3, Mollie Simmons 4. Time, 1:16. Trotting race, 2-year-olds—Belle D. 1, June McGregor 2, Indiana 3. Time, 3:24.

A Threatened Revolt.

ZACATECAS, N. Mex., October 24.—Throughout all this northern section, Barrios' home, a strong feeling is against him. Unless he orders an immediate election of a national assembly or restores the old order of things, the revolt, it is said, will begin on November 4th by three organized bands, well equipped with arms and able leaders.

Street Car Strike.

COLUMBUS, Ohio, October 24.—A strike on all the street car lines in the city was precipitated without warning this morning as the result of the discharge of two employees. Police officers were sent to the cars to preserve order and many old employees returned to work after two hours' tie up, though two lines are still unmaneuvered.

Confessed All.

WASHINGTON, Ind., October 25.—James Stone, who a day or two ago confessed a share in the Winterton tragedy, in which six persons were terribly butchered on September 10th, implicating a number of others, broke down completely today and confessed he alone committed the crime, using a corn knife and hatchet.

Unfounded Rumors.

CHICAGO, October 24.—A special to the Tribune from Fortoria, O., says: Ex-Secretary Charles Foster arrived here Saturday night. Rumors of his arrest in connection with his failure to withdraw from office, his creditors have commenced action against him, but not of a criminal nature.

An Oregon Blaze.

GERVASY, Ore., October 24.—A fire this morning broke out in the two-story frame building occupied by Coleman & Grant, dealers in general merchandise. The building and stock were totally destroyed. The loss is about \$10,000, partially insured.

Charged With Irregularities.

NEW YORK, October 24.—Simon O. Lenthgen and Charles E. Selover, directors of the Madison Square bank, were arrested this morning and charged with irregularities in connection with the bank's failure.

Off to Europe.

NEW YORK, October 25.—Charles Fair, son of the California millionaire, and bride are probably on their way to Europe, as they left their hotel today saying that was their intention, and nothing has been heard from them since.

Shot Himself.

NEW YORK, October 25.—Nathan Strauss, local manager of the New York branch of the Levi-Strauss dry goods firm of San Francisco, shot himself in the head today with a revolver in his private office. No cause is known for his deed.

Took an Overdose.

MERCER, October 25.—Mrs. Henry Storer died last night from the effects of a dose of lobelia, taken to relieve a severe cold. The Storer family came here last week from Illinois to settle in one of the colonies.

An Old Settler Dead.

MERCER, October 25.—A. Bruce of Coulterville died yesterday. He was one of the oldest and best known settlers in the state and was very wealthy.

Cutting Rates.

TACOMA, October 25.—The Canadian Pacific today announced a cut of 41 in first-class passenger rates between Tacoma and Chicago, making the rate \$21.

A Maryland Judge Dead.

BALTIMORE, October 24.—Judge Hugh L. Bond of the United States circuit court died this morning.

FIFTY-THIRD CONGRESS

Saturday Named as the Day When SILVER'S VOTE WILL BE TAKEN

Senator Perkins Anxious to Have the Deportation of Highlanders and Gamblers Commence.

WASHINGTON, October 25.—It is believed the final vote on the repeal bill will be taken Saturday. When the house shall have acted upon the bill, there is little doubt now that an adjournment will be taken. So general is the desire on the part of members to get away it would be next to impossible to hold a quorum of either house in Washington, even should it be attempted.

At one time it was believed there would be an effort to pass the bill for the extension of the Chinese exclusion act, but the probability is averted. Senator Perkins of California has asked the members of the committee on foreign relations to postpone their report upon the bill until White is able to take part in the discussion, and he is led to believe the request will be granted. White is detained in California by important business. Perkins says there is sufficient of the appropriation carried by the Geary law to send highlanders and Chinese gamblers out of the country. He says he will be no great loss to any one if they are expelled before the proposed change in law is made.

THE SENATE.

WASHINGTON, October 25.—Although there was not the necessary number of senators present this morning to constitute a quorum, the silver men took notice of the fact. There was a general air of relief that the long struggle was over, extending even to the silver men themselves.

As soon as the senate met Puffer offered a resolution directing the committee on judiciary to investigate and report whether the repeal of a part of the act of February 28, 1876, by the passage of the act of July 14, 1893, affected the free coinage of silver at the ratio of 16 to 1, or whether that law was still in force.

The repeal bill was then taken up, and Puffer spoke against it, using bitter words against the policy of the administration.

Stewart then resumed his speech. He spoke of the gold combination as having agents in the capitol to dictate legislation and as having elected a president of the senate to carry out their policy. The President was now in the saddle and congress was helpless. The time might come when the haughty tyrants would meet meekly from the people. When Stewart had talked an hour or so he yielded the floor to his colleague, Jones, saying he would finish his remarks at another time.

CRIMINAL NEGLIGENCE.

Another Railway Horror Narrowly Averted.

DETROIT, Mich., October 25.—A special to the News from Battle Creek says the Grand Trunk train bearing the wounded from the Battle Creek disaster to Chicago barely escaped a repetition of the horror through gross violation of orders similar to that which caused the first disaster.

The train ran by the station at which it was to await the east bound heavily loaded with passengers, and but for the fact that the east bound crew also infringed the rules by remaining standing on the platform, the train would have met full speed between stations. As it was the train came together at the station with considerable force, upon standing still, the other slowing down for the station.

A Commander Suspended.

WASHINGTON, October 25.—Rear Admiral Stanton, in command of the United States ships at Rio Janeiro, has been suspended from duty by the secretary of the navy for soliciting a rebel admiral to command the American fleet in Brazil.

Working for Exhibits.

CHICAGO, October 25.—In response to a request of the managers of the Midwinter Exposition Senators White and Perkins of California called at the department of state in Washington to enlist the influence of that department with the German government for a transfer of that government's exhibit in this city to the Midwinter Fair. Secretary Gresham spoke to the German ambassador on the subject and that official recommended to his home government that the transfer be made.

Cheap Influence.

SPRINGFIELD, October 25.—The trial of Congressman Stut began in the superior court today. He is charged with taking \$2 for his vote and influence in favor of a claim against the city by Contractor Olsen. After the jury was secured Olsen took the stand and told his story of the transaction. He declared explicitly that he paid the money to Stut with the understanding that it was for his vote and influence.

Georgia's Lawmakers Meet.

ATLANTA, Ga., October 26.—The general assembly of Georgia met today. Governor Nathan in his message referred to the recent panic, and attributed the monetary troubles to the system of protection. He congratulated the people that congress is pledged to reform the tariff and repeal the tax on state bank notes.

The Olympic Club's Offer.

ATLANTA, N. Y., October 25.—To-night Champion J. J. Corbett received a dispatch from the Olympic club, New Orleans, offering a purse of \$30,000 for

the Corbett-Mitchell glove contest to be decided at their club. Corbett immediately replied with an acceptance of the offer, but stipulated that the club put up a deposit of \$10,000 as a guarantee for the fight to come off in New Orleans. Corbett urged the club to make the date for the contest earlier than that set by the Coney Island Athletic club, and suggested the latter part of November.

BAD MEN CAPTURED.

TWO MEN WHO ROBBED A FARE BANK TAKEN IN.

SPOKANE, October 26.—Jack Dillon, an ex-convict, and "Happy Jack," suspected of being the two daring outlaws who recently held up and robbed a fare bank at Camr d'Alene City (\$1,900 are under arrest. They were captured by Constable Bechtel of that place.

Early yesterday morning Bechtel went to the cabin of Sam Peterson, who has a ranch at the foot of Tamarac Butte. Bechtel knocked at the door and, covering Peterson with a shotgun when the door was opened, stopped inside and discovered Dillon. In another minute he had handcuffed Peterson on his wrists. "Happy Jack" could not be found, and the constable rode to Okahla with the handcuffed man sitting in front of him. Logging him in jail, Bechtel went to bed. About 10:30 he arose and saw Sam Peterson ride down the street past the jail. Suspecting a plot, officers hastened to the rear of the building. There sat "Happy Jack" mounted on a horse, with two big revolvers in his belt, evidently trying to discover which window opened into Dillon's cell. He saw the game was up, held up his hands and slid out of the saddle. Handcuffs were snapped on his wrists, and he was lodged in jail.

The New Tariff.

WASHINGTON, October 25.—It is understood a rough draft of the proposed tariff bill is now in the hands of President Cleveland and Secretary Carlisle for perusal. Some features of the bill are radical. The Springer free wool bill, which passed the house during last session, is incorporated into the bill practically without change. There will be a considerable enlargement of the free list by the addition of raw material and a heavy cut in all duties which are not properly revenue duties. The tariff is directed to operate closely, this application may not be made to coal and iron ore, which goes on the free list. Sugar will go, and either an income tax or an inheritance tax will be provided to increase revenues.

An Italian Lieutenant Killed.

LOS ANGELES, October 26.—A dispatch to the Times from Zanzibar says: A lieutenant attached to the Italian steamer St. Affra was recently stabbed and killed at Merkah, a port town of East Africa. The death of the lieutenant was immediately caused by the fact that a number of Somalis were killed and considerable damage was done to the town.

That Jury Bittery.

SAN FRANCISCO, October 26.—Three of the principal witnesses for the prosecution in the McManus-Dunn jury bribes case are keeping out of the way of the subpoenas that have been issued for them. They are J. J. McFarlane, one of the jurors accused of accepting a bribe, and Mr. and Mrs. M. B. Curtis.

Favors the Project.

NEW YORK, October 26.—The Sun, commenting upon the Pacific cable, says that the United States government should act quickly, and that it should provide forthwith for a cable to Honolulu, with a view of its continuation to Japan.

A Prison Burned.

LINCOLN, Neb., October 26.—The state prison was destroyed by fire today. The loss of life is small if any, though at first it was reported fifty convicts were dead.

BRING ON THE DEACONS

REV. J. H. COLLINS CHALLENGES THE EXPOSITOR.

If Responded to the Parson Proposed to Deal in Deacons Skins.

EDITOR REPUBLICAN.—In the Expositor of last evening appeared an article headed "Bring on the Oysters," and my name was used in connection with "soup."

I am ready to "bring on the oysters" when the Expositor brings on the deacons. Here are its words to which I took exception:

"If the pulpit had not fought so desperately against the oyster, Tuesday and Wednesday nights, many a pious and saintly deacon would not have gone, who now will go because his curiosity is aroused."

"In order to see just who was going, a reporter today took up his position in front of the ticket box in the opera house. Many a church member of thirty years' standing bought tickets. Some bought as high as four. There were men grown venerable and tall in the same manner."

Now, for every "pious and saintly deacon" who, "because his curiosity was aroused," bought a ticket or accepted one on any terms, or was seen at the play on either night, I am ready to "bring on the oysters."

"The highest functionary in one of the largest Fresno congregations" referred to is out of the question. He is not a deacon, either pious or saintly, and if he "has grown venerable and tall" it was not "the amen corner."

The fact still remains that the "reporter of the Expositor" who took up his position in front of the ticket box in the opera house" overstepped the boundary line of truth, or else he is afraid to give the name of the "pious and saintly deacon" or "the church member of thirty years' standing" who was to forsake "the amen corner" for the vicious, criminal-breeding truck presented in the opera house on Tuesday and Wednesday nights.

Come, Mr. Expositor, we will be willing to pay for the oysters for the privilege of skinning the "deacon" who could not have bought a ticket or entered the building on the nights in question without disgracing his church and associates. Deacons first, oysters afterwards, or else a frank admission of your relation to Annals of old.

J. H. COLLINS.

WENT ON THE ROCKS

Fate of the Steamer City of New York.

THE VESSEL A TOTAL LOSS

No Lives Were Lost.

THE CARGO WILL LIKELY BE SAVED.

SAN FRANCISCO, October 26.—The Pacific Mail Company's steamer City of New York went ashore this evening in a dense fog and will be a total loss. She is hard and fast on the rocks at Point Bonita with eight feet of water in her hold.

She sailed for China and Japan at 3:30 this afternoon and went down the bay under a full head of steam. The fog was very thick, and in a few minutes the big steamer was lost sight of. About 5 o'clock the booming of cannon could be heard and signal rockets seen as they burst above the fog. At first it was not known what vessel was in distress, and it was thought it might be the Moonlight, due today from Australia. Later it was ascertained it was the City of New York.

The steamer was in command of Captain F. H. Johnson and in charge of Pilot Severson. She carried a large crew of about 100 men, a large passenger list, including 200 Chinese. When the ship struck the rocks the Chinese in the steerage set up a howl and intense confusion reigned.

The City of New York was built at Chester, Pa., in 1875, but was practically rebuilt a few years ago. She was of 5019 56-100 gross tonnage, 339 feet long, 40 feet 2 inches beam, and 20 feet 6 inches in depth. There is very little wind tonnage and the tug will stand by the stranded ship all night. Should the wind come up she will probably soon go to pieces. The ship is valued at \$500,000.

Point Bonita is a rocky promontory on the Marin county side of the bay at the entrance to Golden Gate, and is regarded as most dangerous by navigators. Half a dozen vessels have come to grief on it during the past twelve months. The barkentine went ashore there and the bark J. D. Sprague was barely saved by a steamer. The ship Spinney broke away from the tugs there and went up the coast, where she was wrecked.

The vessel must have got close in to shore in a fog she was pushing out, and the tide, carrying her on its course, threw her over the rocks. Although there was great confusion among the passengers the officers and men were very cool and soon allayed the panic.

The City of New York is a compartment ship, and the latest reports are that there is no water fore and aft, but eight feet of water amidship. The water is up into the fire room. Before the signals of distress brought assistance from San Francisco the passengers were landed at Point Bonita by the ship's boats and the life saving crews from Golden Gate and Port Point stations.

About this time Captain Johnson decided to let the cargo and passengers go to the bottom. He dispatched the third officer and a crew of six Chinese sailors in a small boat, directing them to row to San Francisco for tugs and lighters, but the crew could make no headway against the strong tide and were swept back. Another boat's crew in command of the purser was picked up by a tug and brought here.

A reporter just in on a tug from the wreck reports the City of New York lying on her side, the cargo and passengers on shore side and three or four big holes are stove in her bottom. The vessel will be a total loss. Tide is receding and she is high upon the rocks and the cargo is being saved as fast as possible. The tugs now hovering about the wreck could possibly pull the steamer from the rocks, but it would be useless as it is impossible to get the cargo and passengers out of the wreck.

Although the cargo was not much wind, however, and very little swell. The tugs now hovering about the wreck could possibly pull the steamer from the rocks, but it would be useless as it is impossible to get the cargo and passengers out of the wreck.

Unless a heavy sea comes on, her cargo is saved and general merchandise, valued at \$300,000, she also carried a considerable amount of treasure.

Later—The New York's merchandise cargo is valued at \$120,000, and she carried \$100,000 of treasure. There were only two cabin passengers, one a boy and the other a Chinese, and at Havana, who was returning home.

At 1 o'clock this (Friday) morning, when the tide was at the highest point, six tugs tried vainly to pull the City of New York off the rocks. They pulled and pushed her but upon her stern she moved. The attempt was then given up until daylight, when the New York will be pumped out by powerful wrecking pumps. After 200 tons of the cargo, mostly flour, had been thrown overboard tonight enough was recovered to leave the remainder in the vessel.

Mrs. Grant Coming.

NEW YORK, October 26.—Mrs. U. S. Grant left today for California, accompanied by Buck Grant and family. Mrs. Grant will spend the winter in California with her son, Jess Grant.

A Large Cross In an English Church.

The largest cross in any church in this country is the "Great Good," which the Duke of Newcastle presented to the Church of St. Albans, Herts. It is an enormous crucifix, the cross of which is over 20 feet in height, and hangs suspended from the chancel arch. The cross itself is colored dark olive green, and the arms have terminals of flower-de-luce and Tudor roses. The sacred figure is painted and gilt, while on either side stand presentments of St. John the Divine and the Virgin as "The Mater Dolorosa." The idea of the work has been chiefly borrowed from the rood crosses to be seen still at St. Peter's, Louvain, and at Oplinter in Brabant—London Tit-Bits.

A Pitched Battle.

WOOSTER, O., October 26.—Students of the Wooster university and pupils of

the high school had a pitched battle on the college campus last night over a baseball decision. A dozen or more were wounded. Five were so badly hurt as to require the services of physicians to sew up their wounds. John Morgan, a senior, who tried to stop the fighting, has a swell in the throat which was made with a ball in the hands of a high school boy, so it is charged.

Street Cars Tied Up.

ST. PAUL, October 26.—The employees of the Twin City Rapid Transit Company to the number of 400 struck this morning, and not a car is running on any line in the city except the Interurban, which carries the United States mail between St. Paul and Minneapolis. The men in Minneapolis have joined the strikers and not a cable car is running there.

Drawing the Cheering Cup.

The day of the copper bottle, the 200-year-old, the quietest, and last, and not least, the bottle and the cheering cup, which is to be decorated in pink and silver. The table, a pink enamel affair, will stand under a huge Japanese parasol showered with pink rosebuds. In place of a tea-gown she plans to wear a tea jacket over a pulled skirt. It is to be a party of the cheering cup, which is to be decorated in pink and silver. The table, a pink enamel affair, will stand under a huge Japanese parasol showered with pink rosebuds. DISCUSSED

What the Finance Committee Recommends.

ECONOMY THE ORDER OF THE DAY

Murray's Report—Electric Lights, Engine No. 3 and Other Matters Discussed.

The finance committee of the Board of City Trustees met last night to consider the license ordinance and other matters. The first matter taken up was the license ordinance, which was considered item by item, and they agreed to make the following recommendations:

For each billiard, pool or bagatelle table \$5 per quarter.
Merchants' licenses graded according to average monthly sales, at the following rate per quarter:

Sales over \$100,000	\$100.00
Sales over \$75,000 to \$100,000	75.00
Sales over \$50,000 to \$75,000	50.00
Sales over \$25,000 to \$50,000	25.00
Sales over \$10,000 to \$25,000	10.00
Sales over \$5,000 to \$10,000	5.00
Sales less than \$5,000	2.50

Laundries within the city and solicitors for laundry work to be done outside of the city recommended at \$10 per quarter.

Astrolators, seers, soothsayers, fortune tellers, clairvoyants, spiritual mediums, etc., recommended at \$5 per week, \$15 per month and \$30 per quarter.

Agents for fire, life and accident insurance, real estate, agent, broker and solicitor or sub-agent \$5 per quarter.

Each person, firm or company expressing gold dust, merchandise, etc., from Fresno to points outside of the city \$30 per quarter.

A special license to be collected of \$2 per night, for each public dance was discussed. L. J. Corcoran, appearing for the musicians and representing the unprofitableness of the business. The committee decided to recommend that no license be imposed.

The proposition to license warehouses \$15 per quarter was discussed by L. E. Linton and others. The objection to the ordinance in this respect was that it was a license on merchants. The committee was referred to the city attorney to draft an ordinance that would exempt drug warehouses for merchandise and deposit it on warehouses conducted for profit.

A charge concerning water companies furnishing water for the city or private persons was discussed by Messrs. J. J. Seymour, L. E. Linton and the trustees, and on a vote of the committee was fixed at \$25.

The committee recommended a license of \$25 per quarter upon telegraph companies.

The rate on ice companies was fixed at \$10 per quarter without discussion.

Those men of the city who, the boot-lickers, cast a gloom over the communities. Some of the members doubted the advisability of levying a tax on them for fear that it would raise the price of shoes. Chairman Corcoran was an ardent admirer of the city fathers and feared that a license might hurt the market.

The question was asked by the street superintendent why the stands were permitted to be set out on the sidewalks. He said that he found them there when he came into office and had not been ordered to do away with them. He was directed to yield the besom of destruction, and the stands will be removed, as the aldermen belong to the city.

DISCUSSED

What the Finance Committee Recommends.

ECONOMY THE ORDER OF THE DAY

Murray's Report—Electric Lights, Engine No. 3 and Other Matters Discussed.

The finance committee of the Board of City Trustees met last night to consider the license ordinance and other matters. The first matter taken up was the license ordinance, which was considered item by item, and they agreed to make the following recommendations:

For each billiard, pool or bagatelle table \$5 per quarter.
Merchants' licenses graded according to average monthly sales, at the following rate per quarter:

Sales over \$100,000	\$100.00
Sales over \$75,000 to \$100,000	75.00
Sales over \$50,000 to \$75,000	50.00
Sales over \$25,000 to \$50,000	25.00
Sales over \$10,000 to \$25,000	10.00
Sales over \$5,000 to \$10,000	5.00
Sales less than \$5,000	2.50

Laundries within the city and solicitors for laundry work to be done outside of the city recommended at \$10 per quarter.

Astrolators, seers, soothsayers, fortune tellers, clairvoyants, spiritual mediums, etc., recommended at \$5 per week, \$15 per month and \$30 per quarter.

Agents for fire, life and accident insurance, real estate, agent, broker and solicitor or sub-agent \$5 per quarter.

Each person, firm or company expressing gold dust, merchandise, etc., from Fresno to points outside of the city \$30 per quarter.

A special license to be collected of \$2 per night, for each public dance was discussed. L. J. Corcoran, appearing for the musicians and representing the unprofitableness of the business. The committee decided to recommend that no license be imposed.

THE DEFENSE THINK IT AN IMPROPER STORY.

THE DEFENSE THINK IT AN IMPROPER STORY.

THE DEFENSE THINK IT AN IMPROPER STORY.

THE DEFENSE THINK IT AN IMPROPER STORY.

How James was Hypnotized by the "Bite Threat of Mark Walser."

The trial of W. S. James before Judge Harris yesterday resolved itself into a long technical story, in which the main thing brought out was "the object."

Meers, Snow and Walser of the district attorney's office put Miss Beardon on the stand to testify that her short-handled notes the confession James made when he was charged with the crime of first degree murder on Sidney Jones.

Before she read a word Meers, Carter and Williams began to object, and the remainder of the day was spent in a legal fight by the defense to prevent his statement being used against him.

At the examination of James before Justice Austin, James went upon the stand to testify against Jones. At that time his attorney, W. R. Jacobs, forbid James saying a word, and tried to have a private conversation with him before he said anything.

James declined this, and Jacobs publicly abandoned his defense then and there. James then retailed under oath, with much partiality, the story of the killing of Sidney Jones, and of the "bitch" dinner out of place in showing how he stabbed him.

Notwithstanding that he swore that he told this story of his own free will and accord without reward, promise or threat, the defense now set up that his statements, made for the purpose of luring Jones, but now threatening his own neck, were not voluntary.

The ground for this lies in the fact that James, before he told the story, was under the influence of a hypnotic trance, and in his state of mind he was not in control of his own actions.

At the close of court Marion Childers was on the stand, testifying to statements made by James to him and whether or not he was hypnotized or not. He was not under the rule and the case was adjourned to this morning.

A marriage in Fresno. The young man came from the coast by the other day with a pretty girl. They came to be married, and they were married by a well known clergyman.

They took a cab to the house of the Rev. Dr. MacArthur at 255 West Fifth street. The house was closed. Then they drove to the house of Dr. W. E. P. Paine of the Fifth Avenue Baptist church. It is at 3 West Forty-third street and was closed.

Dr. John R. Paxton's residence is down the same street, across the river. They went there. It was closed. They went to Dr. E. W. Paine's residence. They were down and doors locked tight. They next drove to 310 on the same avenue. David H. Green, the famous actor of St. Barthelemy's, lives there when he is at home, but he is not at home. His house was boarded up tight.

Then they tried Dr. Hall's beautiful residence at 712 Fifth avenue. They knocked, but the maid disappointed them by saying that Dr. Hall had gone to Europe for the winter. The young man looked up 13 more well known addresses in the directory and drove to each one of their houses. Every one, without exception, was out of town. Then the couple went home and were married by a justice of the peace.

THE BOY IN THE MOW.

THE BOY IN THE MOW.

TWENTY-SIX KILLED

A Michigan Town the Scene of Another Horror.

AN ENGINEER DISOBEYED ORDERS

And Passenger Trains Collide With Much Loss of Life and Suffering.

FAIRBANKS, Mich., October 26.—The crash of one human being—one man who cringes afflicted in a prison cell tonight—led to one of the greatest railroad horrors in the history of Michigan today, and twenty-six human lives paid the penalty of a moment's negligence.

Two trains, both laden with passengers, met in a direct head-on collision on the Grand Trunk railroad at 8.45 this morning in the suburbs of this city. Twenty-six killed, disabled and unrecognizable bodies lie in the morgue tonight and twenty-seven married and bleeding victims, groaning in agony, in a charity hospital. How many of these may be in the dead list tomorrow none can tell, for the injuries in many cases are quite unobtainable to the medical examination that is possible now.

Two trains met face to face, both carrying passengers, each with a conductor and a brakeman. One was a passenger train returning from the World's Fair and the other the regular Pacific express, west bound.

The engineer of the Rock Island and Whitehouse train had positive orders to wait for the express at a siding a mile east of this city. He ignored the orders and crossed the siding before the express train had full on. Both trains were wrecked and half the

CRISP COAST COLLINGS

Costly Cannery Completely Consumed.

THE TYNNAN TOPIC TO TERMINATE

A. P. More, a California Pioneer.

Head—A Large San Francisco Attachment.

MAINEVILLE, Ore., October 21.—Word reached here today of a disastrous fire at Gold Beach last Wednesday by which R. D. Hume's saloon, a cannery, livery and merchandise store and several other buildings were destroyed. The fire originated in the cannery, and evidence points strongly to incendiary work. Hume's cannery was probably the best equipped institution of the kind on the coast. A reasonable estimate places the loss at \$75,000.

Will Work Full Time.

SAN FRANCISCO, October 21.—The Southern Pacific people are to be run on full time. The change goes into effect immediately, and applies to all points on the system between San Francisco and Portland. The change is the result of the greatest stringency of the working days in the company's shops were reduced to four a week. In returning to the old schedule the men will work six days a week of eight hours each. This order will affect about 1,000 men and will affect the pay roll about \$100,000.

The Tynnan Case.

MONROVIA, October 21.—The celebrated case of Mrs. Woodside and Mrs. Tynnan, step-daughters of D. E. Tynnan, accounting for a \$25,000 estate, was submitted to a jury at 1 o'clock today afternoon. The case occupied twenty-four days. A previous case the missing capitalist was decided dead by the court.

Sentence Postponed.

SAN FRANCISCO, October 21.—O. E. K. Royce, ex-treasurer of the Veterans' Home, was to have been sentenced today for the embezzlement of the funds of that institution, but sentence was postponed for a week, as the judge was not ready to pass upon Royce's application for a new trial.

Death of a Pioneer.

SANTA BARBARA, October 21.—A telegram was received today from Chicago announcing the death of Alexander J. More, one of the pioneers of California and owner of a large estate of property, including Santa Rosa Island, the largest of the Santa Barbara group. More was a bachelor.

Lucky Baldwin to Retire.

SAN FRANCISCO, October 21.—The Chronicle will print the announcement that "Lucky" Baldwin is soon to retire from the turf and dispose of his racing interests, save a few yearlings and a few others which he will retain for breeding purposes.

Ripsey Sentenced.

SAN FRANCISCO, October 21.—W. C. Ripsey, the old man who shot John W. Maehy on the 24th of last February, and who was convicted of assault with a deadly weapon, was today sentenced to pay a fine of \$250 or go to jail.

A Large Attachment.

SAN FRANCISCO, October 21.—B. Feigenbaum & Co., wholesale toy merchants, were this morning attached, \$140,000.

PACIFIC COAST ITEMS.

A bicycle track is to be constructed at Santa Cruz Fair has a fine display of fruit and wines.

Captain Cochran at Vallejo, recently court-martialed, has been restored to duty by Secretary Herbert.

Many of the delegates to the Irrigation Congress, recently in session at Los Angeles, are still in the city, waiting for the session of the state.

Several firemen were injured at Stockton during the fire Wednesday night, which destroyed an old frame building at the corner of Market and California streets, an old landmark of 40.

The evidence in the trial of Evans at Jackson, Arkansas, today, for the killing of Messrs. Tovey is very convincing, but reveals the extraordinary methods employed to influence the defendant while he was in San Francisco jail.

A terrible gas explosion took place in the dye-works of C. S. The gas escaped from a tank, which exploded, and set fire to the building and an adjoining book store. In the debris of the latter Mrs. William Bean was caught and burned to death. Three persons were injured.

FIFTY-THIRD CONGRESS.

SENATE SESSION.

WASHINGTON, October 20.—Voices gave notice of an amendment to the rules to the effect that when a bill or resolution pending as unfinished business shall have been debated thirty days any senator may move to fix a time for taking a vote thereon. Such motion shall not be amendable nor debatable, and it passed the pending bill or resolution shall be voted on at the time fixed.

Morgan, by request, introduced a bill to facilitate the collection of debts payable to the United States from government aided railroads, and to enforce the accountability of the directors of said companies. The senate then went into executive session and remained in session until 10 o'clock, when the session adjourned.

The nomination of Van Allen to be minister to Italy was confirmed by a vote of 30 to 22. After the executive session the house bill to suspend the law forbidding the export of gold was passed and to be expounded on improvements made on each mining claim was passed after an amendment excluding corporations from its benefits. The report will be taken up again tomorrow.

The bill for a free coinage amendment. With some slight exceptions it revives the law of 1873. After that resumed his speech against the bill and proceeded with his speech until 5 o'clock, when, upon motion of Faulkner, the senate took a recess until tomorrow morning.

Nebraska Whitecaps.

OMAHA, October 20.—A special to the Bee from Ocala says: The Ocala whitecaps who whipped two girls Saturday night were supposed to be of easy virtue were arraigned this morning in the Ocala court. The case was continued till November 20th on recognition of \$200 each. Those under arrest are Mrs. Birhart, Mrs. Heald, two Mrs. Osbornes, Mrs. Everett, Mrs. Osborne and three local women. Mrs. Heald is the wife of the president of Bank of Ocala and several societies, and the other ladies are wives of prominent business men. All are members of the local W.O.T.U.

Mining Legislation.

WASHINGTON, October 21.—Caminetti of California introduced a bill to amend the mining laws, which provided for

Costly Cannery Completely Consumed.

THE TYNNAN TOPIC TO TERMINATE

A. P. More, a California Pioneer.

Head—A Large San Francisco Attachment.

MAINEVILLE, Ore., October 21.—Word reached here today of a disastrous fire at Gold Beach last Wednesday by which R. D. Hume's saloon, a cannery, livery and merchandise store and several other buildings were destroyed. The fire originated in the cannery, and evidence points strongly to incendiary work. Hume's cannery was probably the best equipped institution of the kind on the coast. A reasonable estimate places the loss at \$75,000.

Will Work Full Time.

SAN FRANCISCO, October 21.—The Southern Pacific people are to be run on full time. The change goes into effect immediately, and applies to all points on the system between San Francisco and Portland. The change is the result of the greatest stringency of the working days in the company's shops were reduced to four a week. In returning to the old schedule the men will work six days a week of eight hours each. This order will affect about 1,000 men and will affect the pay roll about \$100,000.

The Tynnan Case.

MONROVIA, October 21.—The celebrated case of Mrs. Woodside and Mrs. Tynnan, step-daughters of D. E. Tynnan, accounting for a \$25,000 estate, was submitted to a jury at 1 o'clock today afternoon. The case occupied twenty-four days. A previous case the missing capitalist was decided dead by the court.

Sentence Postponed.

SAN FRANCISCO, October 21.—O. E. K. Royce, ex-treasurer of the Veterans' Home, was to have been sentenced today for the embezzlement of the funds of that institution, but sentence was postponed for a week, as the judge was not ready to pass upon Royce's application for a new trial.

Death of a Pioneer.

SANTA BARBARA, October 21.—A telegram was received today from Chicago announcing the death of Alexander J. More, one of the pioneers of California and owner of a large estate of property, including Santa Rosa Island, the largest of the Santa Barbara group. More was a bachelor.

Lucky Baldwin to Retire.

SAN FRANCISCO, October 21.—The Chronicle will print the announcement that "Lucky" Baldwin is soon to retire from the turf and dispose of his racing interests, save a few yearlings and a few others which he will retain for breeding purposes.

Ripsey Sentenced.

SAN FRANCISCO, October 21.—W. C. Ripsey, the old man who shot John W. Maehy on the 24th of last February, and who was convicted of assault with a deadly weapon, was today sentenced to pay a fine of \$250 or go to jail.

A Large Attachment.

SAN FRANCISCO, October 21.—B. Feigenbaum & Co., wholesale toy merchants, were this morning attached, \$140,000.

PACIFIC COAST ITEMS.

A bicycle track is to be constructed at Santa Cruz Fair has a fine display of fruit and wines.

Captain Cochran at Vallejo, recently court-martialed, has been restored to duty by Secretary Herbert.

Many of the delegates to the Irrigation Congress, recently in session at Los Angeles, are still in the city, waiting for the session of the state.

Several firemen were injured at Stockton during the fire Wednesday night, which destroyed an old frame building at the corner of Market and California streets, an old landmark of 40.

The evidence in the trial of Evans at Jackson, Arkansas, today, for the killing of Messrs. Tovey is very convincing, but reveals the extraordinary methods employed to influence the defendant while he was in San Francisco jail.

A terrible gas explosion took place in the dye-works of C. S. The gas escaped from a tank, which exploded, and set fire to the building and an adjoining book store. In the debris of the latter Mrs. William Bean was caught and burned to death. Three persons were injured.

FIFTY-THIRD CONGRESS.

SENATE SESSION.

WASHINGTON, October 20.—Voices gave notice of an amendment to the rules to the effect that when a bill or resolution pending as unfinished business shall have been debated thirty days any senator may move to fix a time for taking a vote thereon. Such motion shall not be amendable nor debatable, and it passed the pending bill or resolution shall be voted on at the time fixed.

Morgan, by request, introduced a bill to facilitate the collection of debts payable to the United States from government aided railroads, and to enforce the accountability of the directors of said companies. The senate then went into executive session and remained in session until 10 o'clock, when the session adjourned.

The nomination of Van Allen to be minister to Italy was confirmed by a vote of 30 to 22. After the executive session the house bill to suspend the law forbidding the export of gold was passed and to be expounded on improvements made on each mining claim was passed after an amendment excluding corporations from its benefits. The report will be taken up again tomorrow.

The bill for a free coinage amendment. With some slight exceptions it revives the law of 1873. After that resumed his speech against the bill and proceeded with his speech until 5 o'clock, when, upon motion of Faulkner, the senate took a recess until tomorrow morning.

for which he is to suffer was brutal in the extreme. But what of "man's inhumanity to man"? Many have expressed themselves by letters and by visiting him in the jail, and by sending him to witness the violent death of this fellow mortal. Many, many more than half have gladly accepted. It is a sad record. One gentleman, who is a close friend of the prisoner, has written me a letter, saying that he is a man of great humanity, and declines to be present. This man's heart is right, and it is a pity that those loving sympathies and tender mercies which should exalt and glorify the world.

NEW EXHIBITION.

From October 20, 1893.

CONTRIBUTIONS TO THE FAIR.

The Lottie K. Mine Furnishes Fine Gold Quartz.

The contributions to the Midwinter International Fair since last report are as follows:

Drift patches from H. C. Shelton of the San Joaquin river.

Glass of jelly from Alice McKenna.

A box of salted salmon from Mrs. J. A. Harris.

A quantity of fine Ben Davis apples and Bitter's Late October peaches from Samuel Jenkins of Walnut district.

Five counties donated by L. H. Trumbull.

A 300 pound specimen of ore from the Lottie K. Mine gold mine on Fine Gold.

SCRAPS AND SPLINTERS.

Picked Up After Thursday's Explosion.

THE EARTH SHAKEN FOR MILES.

The Prisoners in the Jail Join in Prayerful Appeals for Deliverance.

All day long a continuous line of people have been going to, lingering around or returning from the scene of last night's explosion.

Beyond a slight depression at the spot, the surface of the earth was undisturbed, while the adjacent territory was littered with the splintered material of the building.

No exact estimate can be made of the amount of damage done, as it is scattered throughout the city, and runs all the way from a broken pane of glass to a wrecked house.

One of the peculiar things about the damage done is that outside of the immediate vicinity of the explosion—the broken glass fell outside of the building instead of inside, as would be expected.

The local scientists conclude therefore that the explosion produced an enormous vacuum and thereby the atmospheric pressure on the outside of buildings was so lessened that the explosion of the enclosed air burst the glass out outside and naturally the glass was carried outward.

This theory seems to have some corroborative in the fact that the houses in the immediate vicinity of the explosion were built and placed in charge of competent persons, who should be allowed to collect a small fee for their use. These are urgent necessities for public convenience, and ought not to be long overlooked.

In Webster's drug store on Mariposa street a plate glass window, facing to the south was shattered, while in the Eberly block and Hughes hotel the plate glass in the north side fell into the street.

In the court house one of the windows on the north side of the supervisors' rooms in the interior court fell into the area, while on the east side of the court house a number of windows were broken.

CAUSE OF THE EXPLOSION.

As was stated in The Republican yesterday, the origin of the fire is unknown.

A number of persons state that the building was in flames before the explosion occurred, but no one has any idea from what cause.

The owners state that there were 850 pounds of black powder and 500 pounds of dynamite stored in the building. They state that there was no dynamite stored there. The destruction wrought would indicate that the powder was of good quality.

A number of houses near the explosion were broken up more or less, and in several instances persons were injured. The explosion was caused by a flying glass and splinters, but none of these cases are of a serious nature.

The nerves of many people received a heavy shock, especially ladies in the vicinity of the explosion. The explosion was caused by a flying glass and splinters, but none of these cases are of a serious nature.

Among the most ludicrous incidents was an excitement at the state convention of the Farmers' Alliance, at the Adventist church. Hon. Thos. V. Cator was delivering an address when the explosion occurred. The explosion was caused by a flying glass and splinters, but none of these cases are of a serious nature.

At the jail Under Sheriff Berry was giving some finishing touches to his plan of escape. The explosion was caused by a flying glass and splinters, but none of these cases are of a serious nature.

TEACHERS' INSTITUTE

Fresno County Educators in Session.

COUNTY SUT. KIRK'S ADDRESS.

Investing and Instructive Papers on Educational Subjects—The Proceedings.

At the first Baptist church yesterday forenoon there gathered the sweetest and most capable school teachers and principals in the state, the occasion being the regular annual meeting of the Fresno County Teachers' Institute.

At 9:30 o'clock Superintendent T. J. Kirk called the teachers to order, and the happy hum of voices of the teachers, so intent on renewing acquaintances and exchanging experiences, was subdued into well disciplined silence.

PRELIMINARY WORK.

The roll was called and the teachers assigned to their respective sections, grammar or primary.

Superintendent Kirk asked the following persons to act as secretaries of the meetings:

Grammar section—Miss Florence E. Puffer, Fresno, and F. N. Miller of Fresno county.

Primary section—Miss Carrie Weaver, Reedley, and Lola Lee, Sycamore valley.

A committee on resolutions was appointed consisting of Messrs. G. N. Freeman, F. R. Cane, T. L. Heaton, A. B. Kennedy, Mr. M. L. Garrison, Miss Grace Moring and Miss Adeline Bant.

After a review of a few moments Superintendent Kirk read the annual address. This paper of Mr. Kirk's was one of the most able treatises on the subject of the work of the teacher in the school. While he found some things to be criticized, it was done in a spirit that was well received by those present. Still there was much to commend in the work, being given in a way that was well received by those present. Still there was much to commend in the work, being given in a way that was well received by those present.

SUPERINTENDENT KIRK'S ADDRESS.

On this point he laid considerable emphasis. After referring to California's excellent school system and giving Fresno county its due share of praise, Mr. Kirk said:

"It is charged, and I fear with some degree of truth, that education is aimed too little at the heart; that we are succeeding admirably in securing intellectual growth, but not so well in promoting character. We must have a more moral growth. We must have a more moral growth. We must have a more moral growth."

He then referred to the fact that the moral tone of a large proportion of the youth of our state and of our city and county is far from what could be desired, but in just what degree teachers are responsible for such a condition of things, or to what extent they may reasonably be charged with the duty of improving the present conditions in this respect, are questions not easily determined.

"We do know that teachers share responsibility in large measure with parents and other agencies in moulding the character and habits of children, and in giving direction to their conduct in life."

"I am inclined to the belief that little of the bad is ever influenced or promoted by the teacher in our schools. Certainly never intentionally. I believe there can be no intellectual growth without some corresponding moral growth. I will go further, and say that the teacher who neglects the moral side of the child's education, is neglecting the child's education in its entirety."

"We do know that teachers share responsibility in large measure with parents and other agencies in moulding the character and habits of children, and in giving direction to their conduct in life."

"I am inclined to the belief that little of the bad is ever influenced or promoted by the teacher in our schools. Certainly never intentionally. I believe there can be no intellectual growth without some corresponding moral growth. I will go further, and say that the teacher who neglects the moral side of the child's education, is neglecting the child's education in its entirety."

THE SECOND DAY.

Thanks to the weather maker yesterday, the second day's session of the Teachers' Institute dawned bright and fair. The Institute was called to order promptly at 9 o'clock, and the work of the day was promptly begun.

Several delinquents made their appearance, while the interest of the preceding day remained unabated.

EDUCATIONAL CLUB.

Organized by the City and County Teachers.

Last evening at the close of the teachers' institute the male teachers of the city and surrounding districts met in the reading room of the Baptist church for the purpose of organizing a permanent society for mutual intellectual growth.

E. W. Lindsay of West Park was elected chairman, and F. N. Miller of Fresno county, secretary.

The first meeting was held at a meeting on Saturdays or evenings, to which all teachers of city or country could be eligible. Some preferred to make it strictly a country teachers' meeting, if only methods and devices were to be discussed. Others preferred to have it open to all, to be made it general for city and country teachers, male and female, and a motion to that effect was carried.

It was also moved and carried that a committee of three be appointed to report a plan for time and character of work and to invite all teachers of the institute to be present at the next meeting.

As such committee the chairman appointed Messrs. Lindsay, of Fresno, and Wilson of Orange Center.

The next meeting will be held this evening at the same time and place.

That much benefit may be derived from the institute, to which there are plenty of topics for study, so that every teacher joining may receive some good.

THEY DON'T LIKE PAPER.

Miss Schallenberg followed with a talk upon the same subject. The basis of her talk was the material that was furnished by the teachers of the county. Each department was called to order at 10 o'clock and the roll called.

In the primary department Professor C. H. Keyes took the floor and prefaced the discussion of his subject, "The Principles that Control Methods in Reading in the Beginning," by a few preliminary remarks on the importance of the subject and the obligations of teachers to succeed in their time as to justify the outlay made by a generous public.

Professor Keyes made his talk doubly interesting and valuable by skillful and judicious use of the material that the teachers present their various ideas and experiences. He thoroughly endorsed that system of instruction which teaches words first and then the letters, and denounced the A B C method as barbarous, arbitrary and unjust.

"Too many 'tables' are learned only to be forgotten," he said. "We must have the metric system taught where needed, when the study of the sciences are begun. He claimed that in the first years of school work, the child should be taught to read by the use of the metric system."

Professor Keyes followed after a short introduction with the subject, "Material and Higher Artifices." The principal idea of this discourse was that too much is taught that has too little practical value.

THE FATAL DAY.

Vincent to Be Executed at Noon.

A HEARTRENDING FAREWELL.

The Condemned Man Resigned to His Fate—His Last Moments.

Dr. P. O. Vincent, who will be executed at noon today for the murder of his wife, passed a rather sleepless night. Wednesday night at St. Andrew, the death watch, was reinforced by another man, to make the surveillance over the condemned man more effective.

He spent a greater portion of Wednesday night talking to the death watch, who sat in his cell watching every movement. Mrs. Chappell, Vincent's mother, remained with him quite a while and one or two friends also visited him.

There were fewer visitors to see Vincent yesterday than the day before, and these were only admitted in the morning. A large number of people went to the jail to see the gallows, but instead of being allowed to enter the enclosure through the jail, were directed to the rear of the building, where they could see the gallows from a distance.

Vincent's mother visited him both in the morning and in the afternoon, staying several hours each time. In the afternoon Mrs. T. B. Anderson and several other friends of the condemned man visited him. They were all very kind and sympathetic, and Vincent seemed to be getting more and more resigned to his fate.

He still maintains his composure and is very calm. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life.

He still maintains his composure and is very calm. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life.

He still maintains his composure and is very calm. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life.

He still maintains his composure and is very calm. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life.

He still maintains his composure and is very calm. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life.

He spent a greater portion of Wednesday night talking to the death watch, who sat in his cell watching every movement. Mrs. Chappell, Vincent's mother, remained with him quite a while and one or two friends also visited him.

There were fewer visitors to see Vincent yesterday than the day before, and these were only admitted in the morning. A large number of people went to the jail to see the gallows, but instead of being allowed to enter the enclosure through the jail, were directed to the rear of the building, where they could see the gallows from a distance.

Vincent's mother visited him both in the morning and in the afternoon, staying several hours each time. In the afternoon Mrs. T. B. Anderson and several other friends of the condemned man visited him. They were all very kind and sympathetic, and Vincent seemed to be getting more and more resigned to his fate.

He still maintains his composure and is very calm. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life.

He still maintains his composure and is very calm. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life.

He still maintains his composure and is very calm. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life. He has no regrets, and is very satisfied with his life.
